

Corporate Credit Card

Expense management solutions to improve your bottom line.

Reduce costs, increase efficiency and control purchasing expenses with one of our Corporate Credit Card options.

Purchasing Card *our most popular option for companies with high-volume credit card use*

Features

- Offers more than 40 customized and standard online management reports
- Statement reporting is more detailed, showing transaction-level detail for each card – all in one report
- You maintain administrative control to manage cardholder profiles, reporting and access
- Receive account alerts modified to fit your needs
- Both MasterCard® and Visa® cards available

Benefits

- Easy management of multiple cards through online reporting and integration with your company's general ledger
- Increase operational cash flow while expediting vendor payments
- Flexible controls help drive compliance
- The extra level of detail in reporting makes it easier to accurately view company spending
- If you don't need as much transaction detail, our **Commercial Edition credit card** is a great option for travel and entertainment expenses

Business Edition Plus Card *the best option for companies with lower volume credit card use*

Features and Benefits

- No annual fees
- Available for sole-proprietors, privately held or publicly traded companies
- Earn points for every dollar spent and redeem at the company or employee level
- Reward options include merchandise, gift certificates and travel
- Both MasterCard® and Visa® cards available

With solutions like these, we are helping your business run faster and better – just another reason to use smart Cash Management services from Kleberg Bank. See a Kleberg Bank Cash Management professional for details.
